

Purchase Order Terms and Conditions of Sale for Vendors

1. Acceptance of Order. These terms and conditions shall govern all sales by Vendor of any nature to BlueScope Coated Products, LLC ("Buyer") and shall supersede and apply without exception to any terms contained within any document issued by Vendor, same being of no force or effect. The Purchase Order together with these terms and conditions shall be referred to as the "Contract". Vendor unconditionally and irrevocably accepts these terms and conditions. Any proposal made by Vendor for additional or different terms and conditions or any attempts by Vendor to vary in any degree any of the terms and conditions of the Contract is hereby rejected. If Vendor is required to enter onto Buyer's property, Buyer's standard Independent Contractor's Agreement shall be incorporated herein by reference for all purposes, a copy of which is available upon written request.
2. Changes. Buyer reserves the right, without liability to Vendor or any other party, to make changes at any time in: (a) product, material, labor, work, or services (collectively the "Work") to be performed or furnished hereunder, (b) drawings, designs, and/or specifications applicable to the Work, (c) methods of shipment and packing, and/or (d) time, delivery, and/or place of delivery or performance, including temporary or permanent suspensions of shipments. If any such change causes an increase in the cost of or the time required for performance of the Work, same shall be the responsibility of Vendor. Vendor shall make no changes in the Work called for by the Purchase Order without Buyer's written agreement thereto. Any changes in compensation due pursuant to any change order or addition to the Purchase Order are effective only if agreed to by Buyer's authorized representative in writing.
3. Completion, Delivery, Delays, and Inspection. Time is of the essence in this Contract, and if delivery of the Work, goods or rendering of the services made the subject hereof is not completed by the date required by Buyer at Buyer's designated shipment destination, in addition to its other rights and remedies hereunder, Buyer shall have the right to terminate the Purchase Order by notice effective when received by Vendor, such termination to be effective as to Work or goods not yet received by Buyer at Buyer's designated shipment destination or services not yet rendered. Thereafter, Buyer shall have the right to purchase substitute Work, goods, or services elsewhere and charge Vendor with any and all loss, cost and expense, including but not limited to reasonable attorneys' fees as well as special, incidental, or consequential damages, incurred by Buyer by reason of such termination. Work shall not be delivered until Buyer's authorized representative has requested delivery, and Vendor shall pay all costs and expenses arising out of any unscheduled delivery. The amount of the Purchase Order shall include all costs incurred by Vendor for shipment of all Work, goods or services made the subject hereof. All damages occurring prior to delivery will be charged to Vendor. No charges will be allowed for packing, crating or carriage unless stated in the Purchase Order. If, in order to comply with Buyer's delivery it becomes necessary for Vendor to ship by a more expensive way than specified in the Purchase Order, any such increased transportation costs shall be paid by Vendor. Vendor will be responsible for the costs of inspecting Work rejected. Work not accepted will be deemed incomplete and will be rejected or returned to Vendor at Vendor's expense. Shipments sent C.O.D. without Buyer's advance written consent will not be accepted. All shipments shall be F.O.B. Buyer's designated shipment destination. No insurance charge which increases shipping cost will be allowed unless authorized in writing by Buyer. Vendor will prosecute and/or cure all claims regarding loss or damage during transit. All costs of storage of Work shall be borne solely by Vendor until Work is accepted, in writing, by Vendor.
4. Payment. If payment by installments is required at any time by Buyer, Vendor waives any right to accelerate the amount due by reason of a failure by Buyer of whatever duration to pay one or more installments. Any cash discount period will be the date from Buyer's receipt and written acceptance of the Work, or invoice date, whichever is later. Before Vendor shall be entitled to receive final payment, Vendor shall furnish evidence satisfactory to Buyer of the payment of any indebtedness for all materials and equipment used in the performance of this Contract. Vendor shall not permit any lien or charge incurred in the performance of the Work pursuant to this Contract or furnished by Vendor in the performance of the Work pursuant to the Purchase Order to be filed or asserted against any property of Buyer. Vendor shall promptly release and indemnify Buyer for all charges, claims, liability, liens, or expenses associated with materials, products, or services provided by Vendor in connection with the Work pursuant to the Purchase Order.
5. Advance Manufacture and Shipments. Vendor shall not manufacture in advance of Vendor's normal flow time or deliver any Work in advance of the schedule set forth in this order. Buyer reserves the right to return at Vendor's expense any and all Work, goods, materials or services shipped in excess of the quantity designated or any and all Work, goods, materials or services received at Buyer's designated shipment destination in advance of the schedule applicable to this order. All shipping containers shall bear Buyer's name and Buyer's order number. Detailed packing slips are required. Prices set forth in this order include all charges for Vendor's packing, crating, transportation to F.O.B. Buyer's designated shipment destination point and any and all storage. Buyer's records will be accepted as final and conclusive with respect to all shipments that are not accompanied by invoices or shipping documents indicating Buyer's purchase order number.
6. Warranty. Vendor expressly warrants that all Work, goods, or services furnished under this Contract shall conform to all drawings, specifications, and appropriate standards, will be new, and will be free from defects in material and workmanship. Vendor further warrants that all such Work, goods, or services will conform to any statements made on the containers or labels or advertisements for such Work, goods, or services and that all Work or goods will be properly contained, packaged, marked, and labeled. Vendor warrants that all Work, goods, and services furnished hereunder will be merchantable, and will be safe and appropriate for the purpose for which the Work, goods and services of that kind are normally used. Vendor warrants that it knows or has reason to know the particular purpose for which Buyer intends to use the Work, goods, and services furnished hereunder and warrants that all such Work, goods, or services will be fit for such particular purpose. Vendor warrants that all Work, goods, and services furnished hereunder will conform in all respects to any samples furnished to Buyer in connection with this Contract. Vendor shall make no substitutions of Work, goods, or services furnished hereunder without the written authorization of Buyer. Work, goods, or services furnished hereunder shall be subject to inspection and written acceptance by Buyer and any governmental agency or authority having jurisdiction. Inspection, tests, acceptance or use of the Work, goods or services furnished hereunder shall not affect Vendor's obligations under these warranties and such warranties shall survive inspection, tests, acceptance and use of the Work, goods or services made the subject hereof. Vendor's warranties shall run to Buyer, its successors and assigns, and to all future owners of the property. Vendor agrees to promptly correct any defects in any of the Work, goods or services furnished hereunder, without expense to Buyer, or, in the alternative, when such correction fails to bring such Work, goods and/or services in conformance with the requirements hereof, to promptly replace such Work, goods or services at Vendor's sole cost. In the event of Vendor's failure to promptly correct any defects in the Work, goods or services furnished hereunder, Buyer, after five (5) days notice to Vendor, shall have the right to make such corrections or to replace such Work,

goods or services and charge Vendor for all loss, cost and damages incurred by Buyer in connection with such correction or replacement.

7. Prices. In the event that prices in effect at the date of acceptance of this order for Work specified in this order are reduced prior to the date of delivery and written acceptance by Buyer or in the event that Vendor quotes lower prices to other buyers or purchasers before the date of delivery and written acceptance by Buyer of this order, Vendor agrees to afford to Buyer the benefit of said reduction or quotation of lower prices. Except as stated in Paragraph 2 above, in no event and under no circumstances shall the price be increased beyond that stated on the reverse side hereof.
8. Termination. Buyer reserves the right, at any time and without liability to Vendor or any other party, to terminate this Contract, any part hereof or any other order with Vendor solely for Buyer's convenience by written telegraphic notice or verbal notice confirmed in writing. Further, Buyer may also terminate this Contract, any part hereof or any other order with Vendor for cause at any time and without liability to Vendor or any other party in the event of any default by the Vendor or if the Vendor fails to comply with any of the terms and conditions of this Contract. Late deliveries or deliveries of Work, goods or services which are defective or which do not conform to the requirements of this Contract, and failure to provide Buyer, upon request, reasonable assurances of future performance or if Vendor becomes insolvent by any test, is voluntarily or involuntarily adjudicated bankrupt, subjected to reorganization or rehabilitation under any applicable law, or appoints or suffers the appointment of a trustee, receiver or assignee for the benefit of creditors shall all be causes for immediate termination of this Contract. In the event of termination for cause, Buyer shall have the right to withhold all payments which have become due to Vendor and all payments which may thereafter become due and to take possession of all drawings, equipment, services, materials and goods belonging to Vendor relating to performance of this Contract, and for such purpose, this Contract shall be construed as an assignment by the Vendor to Buyer of said drawings, equipment, services, materials and goods. Further, in the event of such termination for cause, Vendor shall be liable to Buyer for any and all damages, including, but not limited to, attorneys' fees, incurred by Buyer by reason of Vendor's default and termination.
9. Resale Certification and Taxes. If this order is marked "Resale," the Work purchased hereunder is purchased for purposes of resale and taxes shall not be charged to Buyer.
